

Unit	Module	Lesson	Score	Instructor Initials	
1	Variable and Function Patterns				
		Using Variables			
		Exponents and Order of Operations			
		Exploring Real Numbers			
		Patterns and Functions			
		Posttest			
		Rational Numbers			
		Adding Rational Numbers			
		Subtracting Rational Numbers			
		Multiplying and Dividing Rational Numbers			
		Posttest			
		Identifying and Using Properties			
			The Distributive Property		
			Properties of Numbers		
			Posttest		
		Exponents			
			Exponential Expressions		
			Scientific Notation		
			Multiplication Properties of Exponents		
			More Multiplication Properties of Exponents		
			Division Properties of Exponents		
			Posttest
